

HARVARD VARIATIONS

[EMMETT, spoken]

Hello, I'm Emmett Forrest
Welcome to the hallowed halls of Harvard Law
Let's go around and share a bit about yourselves

[AARON, spoken]

Aaron Schultz

[AARON, sung]

I won a Fulbright and a Rhodes
I write financial software codes
But that's a challenge I've outgrown
How many yachts can one man own?

Some say that I'm a pompous creep
Somehow I don't lose that much sleep
Why bother with false modesty?
Harvard's the perfect place for me

[LAW STUDENTS]

Pretty impressive, good to know

[EMMETT]

Welcome to Harvard

[SUNDEEP]

What's up

[ENID]

Yo!

[SUNDEEP, spoken]

Sundeep Agrawal Padamadan
But you may call me Your Majesty!

[SUNDEEP, sung]

In my country my word was law
But then I flee because of stupid coup d'état
But here I learn, I make new friends
And soon return in bullet-proof Mercedes Benz

[LAW STUDENTS]

Pretty impressive, good to know

[EMMETT]

Welcome to Harv-

[ENID]

Enid Hoopes!
I did the Peace Corps overseas
Inoculating refugees in family clinics that I built myself from mud and trees
I fought to clean up their lagoons and save their rare endangered loons
And led a protest march against insensitive cartoons

[LAW STUDENTS]

Pretty impressive, good-

[ENID]

But now I'm on the legal track because this country's out of whack
And only women have the guts to go and take it back
We'll make the government come clean and get more people voting Green
And really stick it to misogynistic war machines!

[ELLE, spoken]

I love your top, it is so fatigue chic! (scene continues on page 41)

So how psyched are you guys? Snaps, our first day at Harvard Law. Hi, I'm Elle Woods. And this is Bruiser Woods.
